Tech Stack

HTML5
CSS3
React.js
Nest.js
Gatsby
JavaScript
TypeScript
Git
Figma
RWD
REST API
styled-components
react-native
redux-toolkit

Main profile

I am vastly fascinated in creating responive websites, notably with React and TypeScript. Currently I want to develop towards making fullstack applications and to be more advanced with React library.

Skills

- Project development
- Project documentation
- Helpfulness and responsibility
- Solving problems
- Creativity in designing UI/UX
- Time management
- Willingness to learn

Experience

FREELANCER

2022- now
